OBJECTIVE

I'm a practical, customer needs focused person with attention to detail and proven results within the business and retail industry.

My next career will be in the electrical industry as an electrical engineer, working in sustainability technologies.

EXPERIENCE

PASS leader (Peer Assisted Study Session) – James Cook University.

January 2024 – Current

- Coordinating with lecturers to assist students in prearranged group study sessions.
- Actively engaging students to learn collectively.
- Providing group tutoring.

Stock Replenisher – Coles Cairns Central.

November 2021 – September 2022

- Working efficiently to restock shelves.
- Assist customers.
- Adhere to safe work practices and minimise risk for staff and customers.

Census Worker – Australian Bureau of Statistics.

June 2021 – October 2021

- Plan and manage multiple areas for census data collection.
- Interact with people of all backgrounds.
- Deal with uncooperative, threatening and sometimes violent people and situations. Deescalating these situations in a professional manner.

Landscape Labourer (level 3) - Clover Lawn and Garden Care Cairns.

January 2019 – December 2020

- Working efficiently to produce a high standard of work in a fast paced, team environment.
- Using power tools, adhering to safety procedures, including pre-start inspections of tools and work area.
- Following instruction and communicating effectively with my team and clients to complete work within deadlines.

Sole Trader - BB's Lawn & Garden Care, Gold Coast.

October 2016 – November 2018

- Establishing and maintaining new business relationships with clients and suppliers
- Project management, including accurate and timely quoting, sourcing consumables, and productive, efficient time management with a focus on client satisfaction.
- Competently handling business administration, including invoicing, bookkeeping and responding to enquiries.
- Utilising social media to direct traffic to my business website, advertise and grow business.

SKILLS

- Project management (accurate and timely quoting, supply procurement, time management)
- Proficient oral and written communication skills with a focus on delivering a high quality sales and customer service experience
- Effective team management and leadership, including rostering, budgeting for and meeting team KPIs, loss prevention, training and supporting new employees
- Competent operation of hand tools commonly used in the electrical trade
- Terminating, stripping and securing wires
- Fixing, securing and mounting electrical equipment
- Safely operating and maintaining power tools and garden machinery
